

**Increase table turns
& boost sales.**

Self-ordering kiosks are high-tech menus that let your customers place their own orders. Customers can browse through your menu, select their items, customize their order, and pay – all without needing to wait for a server. **It's a convenient way to streamline ordering, reduce wait times, and enhance the overall dining experience for your guests.**

LESS LABOR COSTS

Slash card fees with dual pricing.

QUICK SETUP

Access award-winning support anytime.

BOOST SALES

Ranked the easiest-to-use POS system.
